

PRODUCT DATA SHEET

ACTIVATOR

ACTI-VERA™

WHAT IS ACTI-VERA™

Say 'hello' to the newest member of the Biobizz family. Called Acti-Vera™, it has been designed to protect the immune system, increase metabolism and enhance nutrient absorption in all sorts of plants.

Bringing our plants for plants theory to life

Acti-Vera™ makes plants stronger and healthier, both inside and out. It protects and activates the immune system, increases germination and plant metabolism – breaking down sugars and enhancing nutrient absorption. It really is a super, natural power product for plants – and it's 100% vegan
The most important difference between our other Biobizz products

that are derived from the ground or sea and Acti-Vera™ is that this organic botanical activator comes 'out of a plant, for a plant'. Or to put it another catchy way – 'plants for plants'!
